Diploma of Recognition

For your Time, Talent, Vision and Wisdom. For the Principles and Discipline you imparted to us with Dedication and Passion.

With the passing of years, and as we've matured, our lives continue to be enriched and influenced by your contributions, foresight and your willingness to see us through the trials and tribulations that faced us then and continue to challenge us today.

Beyond these simple words of appreciation, you have touched our lives in a meaningful, profound and everlasting manner.
