

'70's Reunion Shuttle

As part of our effort to make this reunion as stress free as possible, we urge you to use our free shuttle service.

The van will be outfitted with reunion signs on the right and left sides and on the front passenger side. The name of the service is Professional Charter Services. Look for their logo as well.

Where there is no safe location to stop the van, the van will slowly go through that area and look for people wearing our theme colors. This is very important; please wear the theme colors and keep a look-out for the van. The driver will be aware of this and will be on the look-out for the colors and people waving him over.

At the hotels the van will stop in the parking lot to pick-up and drop-off alumni. At the more expensive and secure hotels, you can call Suzanne and she will set up a pick-up on an as-needed basis at those locations.

After the IDES Hall drop offs, the van will go back to Montara to start the loop over. The shuttle will run from 3PM to 2AM during the Reunion
